

# BLUES TO ENTERTAIN HIGH SCHOOL CADETS

Ball at Armory on Occasion of Presentation of Municipal Flag.

## DANCE AT WESTMORELAND

Miss Katharine Brooke Pleasant Becomes Bride of William W. Jennings—Satterwhite-Hartman Wedding Takes Place in Pittsburgh.

On Monday afternoon, January 24, at 4:30 o'clock, Professor Edmund Nell, of the University of West Virginia, will give a dramatic reading of "The Ideal Husband" before the Women's Club. Mrs. John Calvin Metcalf is chairman of the afternoon, and an informal reception will follow the program.

## Blues to Give Ball.

One of the largest and most interesting affairs of the coming week will be the Blues ball on the evening of Friday, January 28, at the armory. The John Marshall High School Cadets will be the honor guests of the evening, and the proceeds will be presented with a municipal flag on behalf of the Richmond Light Infantry Blues. Members of the Legislature, the Governor of Virginia with the members of his staff, heads of the various departments and other distinguished guests will be in attendance, and the entertainment will be a very handsome one. Cards of admission will shortly be issued to the invited guests, and the attention of members is called to the fact that these are not transferable. Only those in evening dress or military uniform will be admitted to the ballroom floor.

**Mrs. Cooke Honored.**

You see these men, all slashed up, plowing the fields. The French people have cultivated the fields because they need the proceeds to feed the cattle, and they need the grain to take care of the soldiers in the field. You may feel entirely assured that these people are not sitting down and grabbing what they can, but they are doing their best, and they are helping themselves and are thankful for the help you are giving them.

It has nothing to do with this relief work, but I did go to the French trenches. The French and German trenches run anywhere from 200 yards to fifty yards of the German trenches and I was in one about fifty yards from the Germans. You would be very much disappointed I expect if you were to go into the trenches. They look like one of these big ditches that the city digs to lay gas pipes in. The concrete trench is about three feet wide and ten feet deep. They look like one of these big ditches that the city digs to lay gas pipes in. **TELLS OF VISIT TO MEN IN TRENCHES**  
"In the front-line trench the men are very comfortable. The officers live in steel houses. I went into the house of the commander, and he said: 'You are not very comfortable in my house. It was made in America. The houses are about eight or nine feet high and about ten feet broad. This particular man had a cot and a chair and a bookcase, a telephone and electric lights. The enemy cannot see you and you cannot see the man you are shooting at. The only thing spectacular about it is the rifle balls going overhead all the time. But, as the trenches are seven feet deep, I was not bothered much. The French guns behind the line and the German guns way behind their lines were firing all the time. The most spectacular sight, just like the pain fireworks on at the fair, were the aeroplanes. The aeroplanes are all the time coming over the line, and as soon as they get in sight these anti-aircraft guns go after them. They throw a big shrapnel, which goes up in the air and breaks into a big white cloud. An officer told me there is about one chance in a thousand of bringing them down."

"From all I could see and all I could hear, it is going to be a long-drawn-out affair. Some of the officers say it will end in two years and others say it will end in seven years, but they all say, no matter how long it takes, they will end it."

**FOR JEWISH WAR RELIEF**

Calisch and another prominent speaker that the committee is trying to secure.

**Real Estate Exchange to Meet.**  
The annual meeting of the Richmond Real Estate Exchange will be held this afternoon at 4 o'clock in the exchange room in the new building, 20 North Ninth Street. Officers for the ensuing year and five members of the board of managers will be elected at this meeting. President John C. Easley will make his annual report, and there will be a discussion of matters of general interest.
